MARTIN LISSNER

Operational Excellence & Maintenance Reliability | Mechanical Engineer (B.Eng.) | Six Sigma Black Belt

Riyadh, Saudi Arabia · +966 55 683 0537 · martin.karriere@web.de · linkedin.com/in/martin-lissner-eng

Resident in Riyadh (family-sponsored Iqama, married to a Saudi national) · German, English (B2+)

PROFILE

Mechanical engineer and Six Sigma Black Belt with 20+ years in maintenance, production and facility operations across automotive, chemical manufacturing, facility services and technical training in Germany and Saudi Arabia. Builds operations from scratch, raises equipment availability and cuts cost with Lean, Six Sigma and structured maintenance. Hands-on background as IHK-certified electrical technician; engineering degree completed part-time alongside full-time work.

SELECTED RESULTS

- Built a technical training facility from zero to 150+ apprentices per year with a 94% certification rate (EBG Magdeburg).
- EUR 340K annual savings through in-house programme development and process optimisation; budget responsibility above EUR 2M.
- 99.2% system uptime and 18% less downtime through predictive maintenance in chemical manufacturing (Münzing).
- Below 2% unplanned downtime on 200+ production assets and 15% lower maintenance cost at BMW Plant Leipzig.
- 12% operating cost reduction through Lean and value stream mapping in facility services (SPIE).
- 98% equipment availability across 4+ client sites with zero safety incidents in Saudi Arabia.

PROFESSIONAL EXPERIENCE

Maintenance & Technical Operations Lead

Oct 2025 – Jun 2026

Natihat Alaasr Almumayaz Establishment, Dammam, Saudi Arabia

Maintenance and technical operations for a multi-client facility management business.

- Preventive maintenance planning, team coordination and cost control across 4+ customer sites.
- 98% equipment availability; zero safety incidents.
- Standardised maintenance procedures and an HSE compliance framework aligned with Saudi requirements.

Professional Development & Certification

Dec 2024 – Sep 2025

Full-time training, Germany

Structured upskilling in project management, agile methods and business development (approx. 1,400 teaching units).

- GPM Basic Certificate in Project Management (IPMA ICB 4.0), Professional Scrum Master I.
- Saudi Professional Accreditation: qualification verified, Mechanical Engineering (Jul 2025).

Operations & Facility Services Manager

Jun 2024 – Nov 2024

SPIE Efficient Facilities GmbH, Leipzig, Germany

Facility operations and technical services across multiple commercial customer sites.

- Led an 8-person technical team; site performance, maintenance planning, customer reporting.
- 12% operating cost reduction through Lean methods and value stream mapping.
- 96% client satisfaction; managed contract transition and hand-over.

Facility Director & Vocational Training Manager

Jul 2018 – May 2024

Europäisches Bildungswerk für Beruf und Gesellschaft gGmbH, Magdeburg, Germany

Set up and ran a technical vocational training facility with full budget responsibility (EUR 2M+).

- Scaled the apprenticeship programme from zero to 150+ per year; 94% certification rate.
- EUR 340K annual savings through in-house programme development and resource optimisation.
- Built a 12-person team; two staff promoted to supervisory roles.
- Full compliance with IHK and HSE requirements; zero safety incidents; KPI dashboard introduced.

Maintenance Technician, Chemical Manufacturing Sep 2015 – Jun 2018

Münzing Micro Technologies GmbH, Elsteraue, Germany

- SAP PM workflows, preventive maintenance scheduling and predictive maintenance in a hazardous environment.
- 99.2% system uptime; 18% downtime reduction.

Senior Maintenance Technician, Automotive Production Oct 2009 – Aug 2015

BMW Group Plant Leipzig (via Hofmann & Zorbau), Germany

- Maintenance of 200+ production assets in high-volume car manufacturing.
- Below 2% unplanned downtime; 15% lower maintenance cost; trained 6 junior technicians.

Maintenance Technician, Industrial Manufacturing Aug 2002 – Aug 2007

Wienerberger Ziegelindustrie GmbH, Reuden, Germany

- Inspection routines, preventive maintenance and HSE procedures in brick production.

EDUCATION

Bachelor of Engineering (B.Eng.), Mechanical Engineering 2016 – 2021

Anhalt University of Applied Sciences, Köthen, Germany · distance learning · 180 ECTS

Electrical Installation Technician (Elektroanlagenmonteur) 1999 – 2002

IHK vocational qualification, Germany

CERTIFICATIONS

Certification	Issuer / No.	Date
Six Sigma Black Belt (ISO 13053 / 18404, written exam)	Helling und Storch · HUS-1172-2024	Oct 2024
Basic Certificate in Project Management (GPM)®	PM-ZERT / GPM · B2501214 · valid to 2030	Aug 2025
Professional Scrum Master I (PSM I)	Scrum.org · 1219804	May 2025
LEAN Expert Knowledge (online exam)	LEAN Akademie Deutschland / lean2sigma	May 2022
REFA Analysis and Design of Processes (written exam)	REFA · Z1061SA2007615	Oct 2020
Saudi Professional Accreditation, Mechanical Engineering	MHRSD · QVP-DEU000795205	Jul 2025

Additional training (Lecturio, ZFU-approved): Six Sigma Black Belt, LEAN Expert, Project Management Specialist incl. PRINCE2® methodology (training only, not certified), Business Development & Digitalisation incl. Power BI, Scrum & Design Thinking.
